From Mrs. Carhart

Another incredible week under the books! Our boys and girls soccer teams participated in a soccer tournament last weekend where they represented SHS with pride, skill and tenacity! Our team sports are back in full swing and it is awesome to be part of!

Course changes are all finished and if any families have questions about courses please don't hesitate to reach out. Our guidance team has worked hard to get to all those students who requested changes.

Attendance

Consistent school attendance is always important. The average high school student loses 1.2% off their class average each day they miss. That's a 6% loss from their expected grade after missing just 5 days! If you struggle to get your child to attend, reach out to school staff. We can offer support to get them back on track!
