## WEEKLY NEWSLETTER

September 23rd, 2022

### From Mrs. Carhart

Another wonderful week under our belt! We were fortunate enough to host a 50 year reunion this past week. What pleasure it gave our SRC to provide the tour and answer all the questions. While so much has changed so much has stayed the same. Partnerships with our Alumni and their support means the world to our school!

Did you know that we have welcomed over 25 International students to SHS this semester? Our population is growing and this is helping us tremendously. Our school population has increased by 70 students from last year- a great news story!

### Advanced Placement (AP)

Advanced Placement will give you several advantages towards your post secondary education. You will be more prepared for university classes, have the opportunity to earn credits towards your degree, and your learning will increase tenfold! Best of all, the only cost to you is the exam! MUCH cheaper than a full year course at the university level. If you would like to learn more about what courses you can take and when, reach out to [Jill.Eckstone@nbed.nb.ca](mailto:Jill.Eckstone@nbed.nb.ca) We have SEVERAL to offer you and it is NOT too late. Take the challenge!!

### Student Attendance

Each evening School Messenger automatically calls the home of any absent student. Should there be an error, the student should make contact with the classroom teacher to discuss. If your student will be absent, please call 658 5367 to report the absence prior to 3:00pm to ensure we can alter the attendance file. Regular student attendance is important and your support at home with this is appreciated.

### Important Dates

- September 29th First Choir meeting at lunch.
- September 30th No school for students. Truth and Reconciliation Day
- PSSC meeting October 4th 6pm @SHS. New members are welcome!
- October 10th No School Thanksgiving.
- October 11th Grade 12 assembly.

### Laptops

All students are expected to bring their laptop to school daily. Charging them nightly and carrying the charger daily is a solid habit to start. Any technical issues with the laptops can be solved: 1-833-901-1963 or [eedrts-edperae@gnb.ca](mailto:eedrts-edperae@gnb.ca)

### Thank you!

To all the fans who have been filling the stands, thank you! It means everything to our athletes to have staff and community supporting them and cheering for them. Your support in continuing to promote our program is appreciated!
