### From Mrs. Carhart

It is hard for me to believe that we have four weeks of school left. These weeks are jam-packed with the spirit, ceremony and celebration that makes High School so special. For me this time of year is a time to reflect. My second year is almost behind me and I can't believe how fast it has gone. As the saying goes, the days are long but the years are short! Having the opportunity to be the principal of Simonds High School has been the most incredible privilege. It has brought me so much joy watching our students achieve success on the field, in the classroom, on the ice, or in life. This is a time in their lives like none other- they are adults in many ways but still crave and need so much structure and support. I'm honored to be able to play a small role in supporting our Seabees to meet their goals.

As a staff our focus shifts to getting ready for graduation, prom and all the end-of-year ceremonies. We hope that you note all the dates and join us for these events. It would also be appreciated if you help spread the word for our May 31st school clean up- many hands make light work! If you know of anyone who can come help us that day we will be spending the day focused on school beautification. Small outside paint touch ups, flowers, garbage- you name it; we will be doing it to make our campus shine!

Mrs. Carhart

**Thank you to all our families, coaches, volunteers, community members, fans and beyond! You have logged countless hours volunteering, cheering, driving, feeding, coaching, encouraging and more. We appreciate you and couldn't do the work we do without the tremendous amount of support we get from our community of volunteers. Thank you for giving your time to support our school and community. Our solid athletic program/teams wouldn't be as successful as it is without each and everyone of you. As our seasons are winding down we look forward to the year ahead.**
