

Parenting Children with ADHD

This group is designed for caregivers having difficulty parenting a child between the ages of 5 to 12 years diagnosed with ADHD. The program is a six-week educational program that focuses on helping parents and guardians to:

- Develop and increase their understanding of the causes and symptoms of ADHD
- Learn and develop effective parenting approaches and skills for children diagnosed with ADHD.
- Develop and implement strategies to modify and cope with disruptive and distressing behaviors.
- Increase their awareness of treatment options for children diagnosed with ADHD.
